

Together, let's drive change and develop our future talent pipeline

As a university, you'll want to ensure that graduates leaving your environment and sustainability degree programmes have the right knowledge, skills and tools to deliver value in a global economy. By becoming an IEMA University Partner, you can ensure your graduates have the expertise and understanding that they need to secure a job and drive change in the environment and sustainability profession.

Why become an IEMA University Partner?

Benefits for the university

- Demonstrate your commitment to putting environment and sustainability management at the heart of your institution, by profiling the IEMA logo on your materials
- Gain assurance and recognition of the quality of your course(s), and continuously develop your curriculum with the help of IEMA's support and resources
- Engage with IEMA's networks; promote and showcase your courses, network with employers and share best practice
- Access to support from an IEMA representative at an on-campus or online event each year
- One complementary Affiliate membership to support a member of staff with their own learning and professional development
- Regular support, collaboration and contact from IEMA
- Feature on IEMAs partner university listing, so prospective students can view your approved IEMA courses

Benefits for students

- Free student membership throughout the duration of their studies on the approved course, offering additional value to their learning
- Access to resources to complement and support their studies
- Opportunity to network and connect with environment and sustainability professionals
- Option to upgrade to Graduate membership upon successful completion of their course, giving them the professionally recognised GradIEMA suffix
- Further acceleration towards professional recognition with the opportunity to fast track an application to practitioner membership once they have gained sufficient experience

How to become an IEMA University Partner

If you're interested in the benefits of becoming an IEMA University partner, reach out to us for an initial conversation. If your degree programme(s) align to the content in our IEMA Sustainability Skills Map, you will be asked to complete a mapping exercise, highlighting how the course content meets our Graduate membership standard.

Once this has been accepted by one of our assessors, your course(s) will become approved by IEMA and you will become an IEMA University Partner. All University Partners will have access to an Approved University Partner logo, a certificate, and presence on our website.
